### INSTRUCTIONS:

I will assign one of the above word sets to you and a partner. With your partner, study your words and look them up. Make sure you understand the differences and which word means what. Then you must write a sentence that correctly uses all of your words. Finally, you and your partner must display your work (sentence + drawings) on a piece of construction paper. Your drawings must show the differences between and among the words in your set.

1. write a sentence.
2. draw each word.
3. present/display on construction paper.
